From the Principal's Desk

Dear Aspirants,
Greetings of the season.

“If you are not willing to learn, no one can help you. If you are determined to learn, no one can stop you.”

As a principal of CMRI School of Nursing, it is my utmost pride to welcome the future nurses into the nursing career – a career which focuses to care for individuals, families and communities.

The CMRI School of Nursing believes in creating Nurses of future who are great leaders and practitioners. We believe empowering our students in such a manner that they act as representatives of a meaningful and value-based society. We believe that people of fine characters live by their values. They are honest and committed to truthfulness, word and deed. True character thus

encompasses the capacity for self-discipline. We not only train a student for procedures, but also for patience, discipline and building self-esteem.

Although in this modern era, information is just a click away, however, some insights can be achieved only through experiences or by associating with the right people. Fortunately, at CMRI School of Nursing, you have it all; right people, experiences and a room for information and insights. As we focus on total development of each students, we have a team of excellent faculties and exceptional opportunities.

I wish the best of fortune, peace and prosperity.

Rina Shyam
Principal, School of Nursing
The Calcutta Medical Research Institute

Care from the Leader

A pioneer industrialist and philanthropist, Late B. M. Birla and his wife Late Rukmani Devi Birla conceived and implemented a number of projects dedicated to the welfare of humanity at large. Realizing the need for providing advance medical care at affordable cost, The Calcutta Medical Research Institute (CMRI) was established in 1969. The Institute became the first hospital in Eastern India to incorporate Research with its Hospital Service program emphasizing on clinical and applied aspects. Every patient contributes in the research activities of the Institute.

The extreme high quality of facilities is backed by the very best doctors, specialists, nurses, technicians and a team of dedicated administrative personnel.

CMRI had set up the School of Nursing in 1970. The school is recognized by WBNC and also affiliated to the Indian Nursing Council. Students qualifying from the school are well placed in the healthcare industry both within the country and abroad. The school also helps the students to develop their talent in extra curricular activities. CMRI School of Nursing aims to keep all its achievements and standards within the framework of a disciplinary sense of community service towards humanity at large.

Founder

Late Braj Mohan Birla (1895-1982) played a vital role in the industrial and technological advancement of India. In spite of his deep involvement as an industrialist, he pioneered Institutions in significant areas like Science, Education, Health and Social Welfare. From each, he demanded the highest levels of performance and quality. It is thus appropriate that the first Private Hospital in Eastern India was founded by him. Today, CMRI stands as beacon in providing the ultimate in medical care to all strata of the society.

The Legacy Continues..

Late G. P. Birla, an eminent industrialist, truly a multi faceted person, was actively involved in nurturing and developing the arenas of Social Science, Humanities, Medical Research, Scientific and Technical Advancements, Academic, Philanthropic Projects and the Preservation of India's Rich Cultural Heritage. It is befitting that his contributions to the development of the country have been recognized and the National Award of **Padma Bhushan** was conferred upon him. His able son Sri C. K. Birla is now the Chairman of the Group and taking these initiatives forward.

CK Birla Group

Mr. Chandra Kant Birla, grandson of Late B. M. Birla & son of Late G. P. Birla, is the chairman of AVTEC, HIL, National Engineering Industries, Neosym, Orient Cement and Orient Paper & Industries.

He also serves as Member of the Board of Directors of the Commonwealth Business Council, Chairman of the Board of Governors of Birla Institute of Technology Ranchi, Chairman of the Board of Governors of Indian Institute of Management Udaipur and Member of the Board of Governors of CMRI.

Under his direction the CK Birla Group has involved itself in philanthropic activities across science and technology, art and culture and heritage preservation. The group also works to improve the livelihoods of rural and underprivileged communities in India.

Facility Tour

Classroom / Clinical Area

Classrooms are well furnished & the array of teaching aids facilitates faculties to conduct classes in a way that enable students to make use of every available resource. In this very special learning environment of well lit and ventilated rooms, integrates the opportunity to learn using innovative learning and adaptive techniques.

Library

The school has a well furnished library catering to different subjects and is well equipped with books for students and faculty. The fully air-conditioned library provides an ideal and peaceful ambience for undistracted pursuit of knowledge . The library has a comprehensive and assorted collection of literature, predominantly related to allied subjects so as to meet the present and future information needs of its users.

Clinical Field

The school has its own well equipped clinical field where students attain adequate exposure and experience in related areas pertaining to the course. Students attain their clinical experience from their respective areas under supervision.

Computer Lab

The school comprises high tech state-of-the-art, fully air-conditioned computer labs which are equipped with high-end computers. The school uses powerful computers for providing support of diverse computing requirement. The computer labs have access to bibliographic database and archives for rapid retrieval of relevant information and for updating and dissemination of academic oriented research material. The machines in the computer labs are in good numbers so as to ensure availability of one machine to each student. All PCs are connected to internet facility round the clock to support the academic performance.

Demonstration lab

Demonstration lab is designed as a tool for teaching psychomotor skills and cognitive and critical thinking pathways. It offers the ability to provide simulation education to help students learn clinical and decision-making skills during realistic patient care scenarios. Demonstration lab is extremely realistic and flexible to meet multi-disciplinary education needs of nursing students.

Transport Facilities

CMRI School of Nursing provides transport to its students during their clinical experience, educational visits and other allied purposes.
