From the Principal's Desk

Dear Students,

It is my privilege to welcome you to the School of Nursing for the academic year 2026–27. You are entering a profession that stands on the pillars of compassion, dedication, and service to humanity. Nursing is not just a career; it is a commitment to care, healing, and making a meaningful difference in the lives of others.

At our institution, we strive to develop competent and responsible nursing professionals who are equipped with sound knowledge, clinical skills, and strong ethical values. Our focus is on holistic education—integrating academic excellence with practical exposure, discipline, and character building.

In an era where information is easily accessible, we emphasize the importance of critical thinking, hands-on learning, and guidance through experienced mentors. We aim to create a supportive and enriching environment that encourages continuous learning and professional growth.

I encourage each one of you to remain dedicated, curious, and compassionate throughout your journey. With commitment and perseverance, you will be able to contribute.

A handwritten signature in black ink, reading 'Rina Shyam Sarkar'.

Rina Shyam Sarkar
Principal, School of Nursing
The Calcutta Medical Research Institute

From the Leader

A pioneer industrialist and philanthropist, Late BM Birla and his wife Late Rukmani Devi Birla conceived and implemented a number of projects dedicated to the welfare of humanity at large. Realizing the need for providing advanced medical care at affordable cost, The Calcutta Medical Research Institute (CMRI) was established in 1960. The Institute became the first hospital in Eastern India to incorporate Research with its Hospital Service program emphasizing on clinical and applied aspects. Every patient contributes in the research activities at the Institute.

The high quality of facilities is backed by the best doctors, specialists, nurses, technicians and a team of dedicated administrative personnel.

CMRI set up the School of Nursing in 1970. The school is recognized by WBNC and also affiliated to the Indian Nursing Council. Students qualifying from the school are well placed in the healthcare industry both within the country and abroad. The school also helps students to develop their talent in extra curricular activities. School of Nursing aims to keep all its achievements and standards within the framework of a disciplinary sense of community service towards humanity at large.

Founder

Late Braj Mohan Birla (1895-1982) played a vital role in the industrial and technological advancement of India. In spite of his deep involvement as an industrialist, he pioneered Institutions in significant areas like Science, Education, Health and Social Welfare. From each, he demanded the highest levels of performance and quality. The first Private Hospital in Eastern India was founded by him. Today, CMRI stands as a beacon in providing the ultimate in medical care to all strata of society.

The Legacy Continues..

Late G. P. Birla, an eminent industrialist, and a multi faceted person, was actively involved in nurturing and developing the areas of Social Science, Humanities, Medical Research, Scientific and Technical Advancements, Academic, Philanthropic Projects and the Preservation of India's Rich Cultural Heritage. It is befitting that his contributions to the development of the country have been recognized and the National Award of **Padma Bhushan** was conferred upon him. His son Sri C. K. Birla is now the Chairman of the Group and taking these initiatives forward.

CKA Birla Group

Mr. Chandra Kant Birla, grandson of Late B. M. Birla & son of Late G. P. Birla, is the chairman of AVTEC, HIL, National Engineering Industries, Neosym, Orient Cement and Orient Paper & Industries.

He also serves as Member of the Board of Directors of the Commonwealth Business Council, Chairman of the Board of Governors of Birla Institute of Technology Ranchi, Chairman of the Board of Governors of Indian Institute of Management Udaipur and Member of the Board of Governors of CMRI.

Under his direction, the CKA Birla Group has involved itself in philanthropic activities across science and technology, art and culture and heritage preservation. The group also works to improve the livelihoods of rural and underprivileged communities in India.

School of Nursing

Established in 1970, the School of Nursing stands as a proud symbol of excellence, shaping confident and compassionate healthcare professionals. It has empowered many young ladies to achieve success in top healthcare institutions across India and abroad. A unit of CMRI, the School is renowned for its quality education and strong academic record, with students consistently achieving outstanding results and professional excellence. Driven by passion and committed to care, the institution continues to inspire and lead in nursing education.

Nursing Training & Philosophy

- Belief in imparting professional knowledge, skills and non-judgemental holistic care towards patients as per global standards.
- Belief in fostering all round development of students, professionally and personally through academic and extra-curricular events.
- Belief that they should be role models and act as mentors to instil leadership and assertive qualities among students.
- Belief that a feedback and robust process contributes to the improvement of student's performance and helps in developing them as effective professionals.

Our Team

Dedicated to

Providing comprehensive, excellent, efficient and high quality healthcare with human touch at an affordable cost.

Quality Objectives

- To provide efficient, effective, timely care to our patients.
- To ensure effective quality systems through feedback mechanism for continual improvement.
- To create a congenial work environment and provide On-Job training and quality concepts/systems to all concerned.
- To provide facilities for proper disposal of waste as per the prevailing statutory and regulatory requirements.

Achievement

Dedicated team that is committed effective implementation of standards. Professionals who are qualified, trained, competent, experienced and supported by state-of-art equipments.

Nursing Principles

Clinical Excellence

- Delivery of best patient care; from prevention to treatment of the most serious & complex human diseases
- Use of international guidelines, protocols and care pathways to ensure best clinical outcomes
- Institute of choice for best clinical and nursing talent coupled with world-class infrastructure and equipment

Ethical Conduct

- Honest and transparent in doing the right thing for the patients by improving outcomes and not procedures
- Adhere to highest standards of professionalism with clear communication of treatment plan

Patient Centric

- Primacy to comfort and convenience of patients and their families
- Establishing a strong patient connect and trust through compassion and empathy
- Inclusive in embracing and respecting different backgrounds of patients

ABOUT THE FACILITY

Classroom

Classrooms are well furnished & the array of teaching aids facilitate the faculty to conduct classes in a way that enable students to make use of every available resource. The environment of well lit and ventilated rooms, integrates the opportunity to learn using innovative and adaptive techniques.

Library

The school has a well furnished library catering to different subjects and is well equipped with books for students and faculty. The fully air-conditioned library provides an ideal and peaceful ambience for undistracted pursuit of knowledge. The library has a comprehensive and assorted collection of literature, predominantly related to allied subjects so as to meet the present and future information needs of its users.

Clinical Field

The school has its own well equipped clinical field where students attain adequate exposure and experience in related areas pertaining to the course. Students attain their clinical experience from their respective areas under supervision.

Computer Lab

The school comprises state-of-the-art, fully air-conditioned computer labs which are equipped with high-end computers. The school uses powerful computers for providing support to diverse computing requirements. The computer lab has access to bibliographic database and archives for rapid retrieval of relevant information for updating academic oriented research material.

Demonstration Lab

The Demonstration lab is designed as a tool for teaching psychomotor skills and cognitive and critical thinking pathways. It offers the ability to provide simulation education to help students learn clinical and decision-making skills during realistic patient care scenarios. Demonstration lab is flexible to meet multi-disciplinary education needs of nursing students.

Transport Facilities

CMRI School of Nursing provides transport to its students during their clinical experience, educational visits and other allied purposes.

GENERAL INFORMATION

Method of Selection and Admission

- Education - Candidates passed or applied for 10+2 Examinations from any stream (Science/Commerce/Arts).
- Selection Procedure - Selection will be based on WBJEEB merit list and counselling. (<https://wbjeeb.nic.in>)
